✓ ARCLIGHT SOLUTION

Clayco was already deployed on HCM Cloud for Core HR, and decided to use Oracle HCM Cloud Benefits as well as Time & Labor connecting into in their legacy JDE system for Payroll.

ArcLight partnered with Clayco to design and build a modern Benefits solution to replace a mostly paper based process for their workforce. Clayco has a very diverse workforce (remote and office based workers) utilizing multiple Time & Labor systems. HCM Cloud will be used to consolidate these systems.
